Leadership Message

Message from the **President**

Dear WEAT-NTS Members,

As we move through the heart of summer, I want to take a moment to reflect on the strength and spirit of our community. The recent flooding in the Kerr area has reminded us of the power of water and the importance of our work. As our systems and communities continue their recovery efforts in response to the recent central Texas flooding, WEAT-NTS has made the decision to provide a donation to the Kerr County flooding relief efforts. https://cftexashillcountry.fcsuite.com/erp/donate/create/fund?funit_id=4201.

June brought us together for our lunch section meeting at Texas Star, where we celebrated the legacy of the Daryl Hall Scholarship and welcomed new officers to the WEAT-NTS Executive Committee. WEAT Executive Director, Julie Nahrgang, joined our section June 26th to provide an update on the latest water policy developments from the Texas Legislative Session.

We also launched our **Intern Punch Card** initiative, part of our strategic push to engage the next generation of water professionals. Interns who attend meetings and site visits earn entries into a raffle for WEAT swag, and more importantly, gain exposure to the real-world challenges and innovations shaping our field. Thank you to everyone who has hosted, mentored, and encouraged these future leaders.

Leadership Message

Message from the **President**

Speaking of site visits, our recent tours have been a hit! From the NTMWD Panther's Creek Site Visit early June to the upcoming Village Creek WRF visit next week, these experiences continue to bridge the gap between theory and practice. If you haven't yet joined one, I encourage you to do so—there's no better way to learn than by seeing our water family in action.

Finally, July's **Operator Panel Dinner Meeting** was a standout event. With the theme "We know a thing or two, because we've seen a thing or two," our panelists shared firsthand accounts of navigating peak flows, pipe breaks, and power outages. Their stories were raw, real, and deeply educational. Thank you to our speakers and attendees for making it a night to remember.

As always, I'm grateful for the opportunity to serve as your President. Let's keep the momentum going—supporting each other, growing our section, and advancing clean water for Texas.

With appreciation,

Paula Monaco
President, WEAT-NTS

Donation to Kerr Co Flood Relief

Donate Here:

Kerr County Flood Relief Fund

The Kerr County Flood Relief Fund supports urgent relief and long-term rebuilding after the devastating floods of July 4, 2025. Your generosity helps neighbors across our region recover and rebuild.

The Community Foundation of the Texas Hill Country—a 501(c)(3) public charity based in Kerrville—will **directly distribute funds to vetted local organizations** providing rescue, relief, recovery services and flood assistance. The Fund will support impacted communities including Boerne, Hunt, Ingram,

Kerrville, Center Point and Comfort.

All donations are tax-deductible, and you will receive a receipt for your gift.

Grants from the Fund will support nonprofit and civic organizations actively involved in response, relief, and recovery efforts. While we are unable to award grants directly to individuals or families - or to fund repairs to private property or replace personal belongings - we are committed to channeling resources to the trusted organizations working tirelessly to help our neighbors in need. Together, we can make a meaningful difference during this challenging time.

Donations can also be mailed to our office at 241 Earl Garrett Street, Kerrville, Texas 78028.

Please make checks to the *Community Foundation of the Texas Hill Country w/Kerr County Flood Relief Fund* in the memo line.

Hole Hecklers

Their mock sportscasting team, featuring two professional comedians, will heckle and roast players in good fun and taste, all to raise money for the Daryl Hall Memorial Scholarship Fund. Buy raffle tickets for a \$500 gift card, mulligans or an ace for that hole, or donate to request silence or add extra heckling on another golfer.

Awards

Awards will be given for each course for 1st, 2nd, 3rd, and last place overall teams in the 4-man scramble. Longest drive, closest to the pin, closest to the line winners for each course will also receive awards.

Extras

Up your chances of winning with these tickets!

Note that some are per-player, and some are good for the whole team.

Putting contest entry (\$10/player)

Participate in the putting contest qualifier round.

Split the Pot (\$10/player)

A circle will be marked around the hole on a Par 3. Use this ticket to be entered into a drawing for 50% of the money raised on that hole if your tee shot lands in the circle.

Greens for golf balls (\$5/player)

A circle will be marked around the hole on a Par 3, use this ticket to be entered into a drawing for a box of golf balls if your tee shot lands in the circle, or just a sleeve of golf balls for making it on the green.

Lady's tee box (\$20/player)

Allows a player to tee off from the lady's tee box.

Texas Tee Shot #1 (\$20/team)

Turn a Par 5 into Par 3 distance for your team.

Texas Tee Shot #2 (\$20/team)

Turn a Par 5 into Par 3 distance for your team.

CrapShoot (\$20/team)

Your team tees off while seated on a toilet and then take your first official shot from your best ball off the tee.

Golf ball cannon (\$20/team)

One person on your team can shoot a golf ball out of an air-powered cannon that puts the ball much closer to the hole.

Raffle tickets (\$20/ticket)

Entry to win one of the raffle items!

Last One Off the Pot (\$10/ticket)

Entry into the "reverse" raffle where the last number drawn wins.

BEST DEAL! The Works (\$250 on Jotform, \$360 on the day of)

Includes one (1) of the above tickets for your whole team.

2024 Project of the Year

Congratulations to the **2024 Project of the Year** winner:

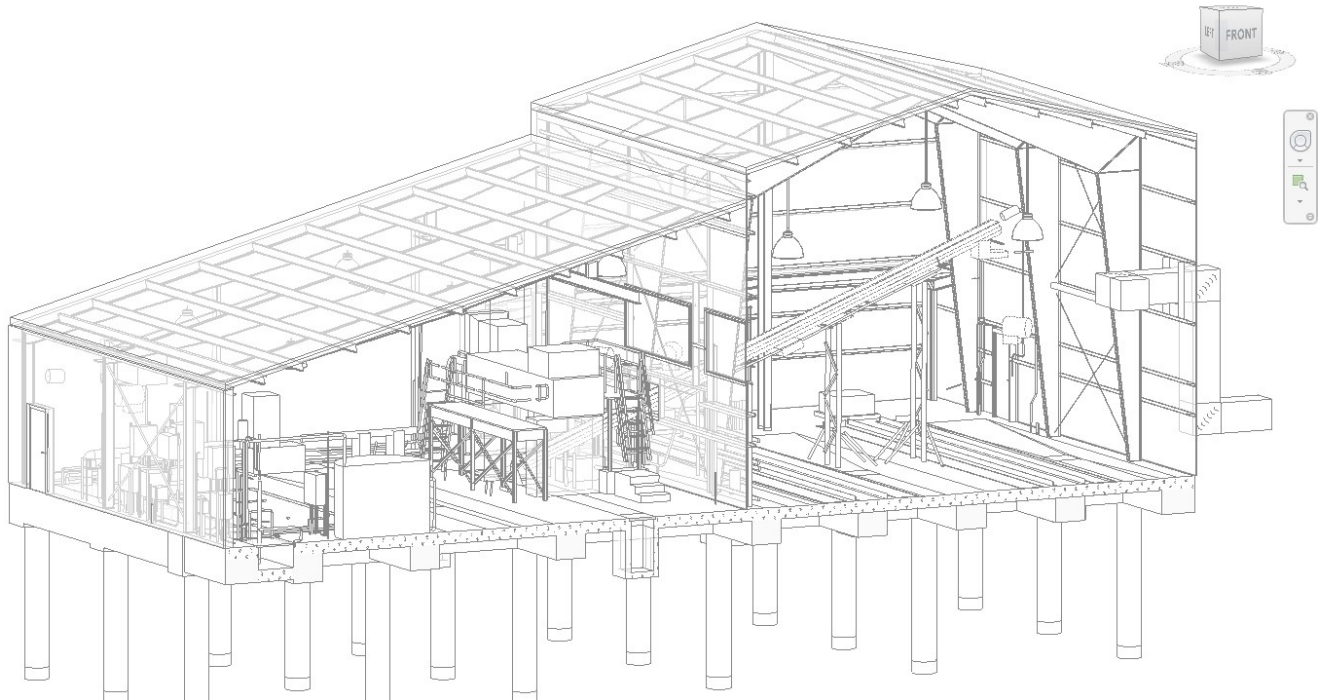

Doe Branch Water Reclamation Plant Phase 3 Expansion from 4 MGD to 12 MGD.

The Doe Branch Water Reclamation Plant Phase 3 Expansion is one of the many critical infrastructure projects in the North Texas Region increasing capacity to meet the needs of one of the fastest-growing regions in the country. Doe Branch is expanding to triple treatment capacity from 4 to 12 MGD to meet the demands. Driven from the accelerating growth and mounting schedule pressures, the project team, led by Kaylee and the Upper Trinity Regional Water District, successfully navigated coordination with member cities and lead to a path forward along two other separate design projects. An innovative Construction Manager-at-Risk (CMAR) delivery method grouped the three major infrastructure components under one contract to enabling a more streamlined project.

June Meeting Recap

It's Always a Water Session in Texas...

The June Lunch Meeting included a briefing of the latest Texas state legislation session as it related to water policy. **Julie Nahrgang**, Executive Director of WEAT, shared the latest updates regarding funding, bills, and other policy items that affect our water and wastewater industry.

This past session included the most bills related to water and wastewater policy in our state legislature's history. As attention to public water and wastewater infrastructure needs continues to arise, so do the number of potential policy laws and funding opportunities.
